Cancer Center  
Electrical Utility Services

Dear Andrew,

Penn Medical Princeton Health Cancer Center (PMPHCC) electrical services will derive from the existing campus central utility plant. The New Cancer Center will utilize a spare breaker in existing 13.2 KV switchboard located in the Fitness Center to serve the new PMPHCC.

Electrical Service from outside vendors, such as PSE&G is not required for this project.

If you have any question, please do not hesitate to contact this office.

Very truly yours,
