SUPPLEMENT TO
GRANT OF EASEMENTS

THIS SUPPLEMENT TO GRANT OF EASEMENTS (the "Supplement")
made this 9th day of December, 1986

By and Between

WM. FLEMER'S SONS, INC., a New Jersey corporation,
having a mailing address of R.D. #3, Kingston, New
Jersey 08528 ("Grantor")

And

PRINCETON FORRESTAL ASSOCIATES, a New Jersey partnership, having a mailing address c/o Princeton Forrestal Center, 105 College Road East, Princeton, New Jersey 08540 ("Grantee")

WITNESSETH:

Recitals

A. By a Grant of Easements of even date herewith made by Grantor in favor of Grantee (the "Grant") intended to be recorded immediately prior to this Supplement, Grantor has granted to Grantee certain utility and drainage easements more fully described therein on, over and across Grantor's Land described in Exhibit "B" to the Grant for the benefit of Grantee's Land described in Exhibit "A" to the Grant. Any specialized terms employed in this Supplement which are not otherwise defined herein shall have the definitions ascribed to such specialized terms in the Grant.

B. Annexed to the Grant as Exhibit "C" is a Plan on which are delineated the Utility Easement Areas and the Drainage Easement Areas. Grantor and Grantee have determined that the alignment of the Drainage Easement Areas as shown on the Plan is satisfactory but that the alignment of certain segments of the Utility Easement Areas should be revised to the extent and subject to the terms and conditions more particularly hereinafter set forth.

C. Annexed to this Supplement as Exhibit "D" and made a part hereof is an amended plan (the "Amended Plan") on which are delineated three (3) alternative alignments of those segments of the Utility Easement Areas which are to be revised pursuant hereto as to which three (3) alternative alignments Grantor has assigned priority in the order of Grantor's preference with respect thereto in terms of their respective impacts upon Grantor's nursery operations and other utilization of the Grantor's Land.

D. The parties hereto have agreed to enter into this Supplement for the purpose of modifying the terms and conditions of the Grant dealing with the Utility Easement Areas and of modifying the Plan in accordance with the Amended Plan.

NOW, THEREFORE, in consideration of One Dollar (\$1.00) and other good and valuable consideration, the receipt and sufficiency of which is hereby acknowledged, and in consideration of their mutual covenants and agreements herein contained, the parties to this Supplement hereby covenant and agree as follows:

BOOK 3577 PAGE 074

1. The alignment of the Drainage Easement Areas on the plan and the alignment of the Utility Easement Area running alongside Mapleton Road as shown on the Plan are satisfactory except that the roadway shown in red crossing this alignment as shown on the amended plan attached hereto shall be subject to the same limitation as that set forth in paragraph 5(b) hereof regarding the access road to the growing area.

2. The alignments of the Utility Easement Areas except the alignment along Mapleton Road (as referred to in Paragraph 1 above) are not satisfactory and the Plan attached to the Grant is hereby superseded by the Amended Plan attached to this Supplement to the extent that the Plan and the Amended Plan are in conflict.

3. The Amended Plan shows three (3) alternative alignments for the portions of those Utility Easement Areas which are unsatisfactory, as follows:

(a) Alignment "A". Alignment "A" is colored in red on the Amended Plan, runs in a north-south direction through the easterly portion of the Grantor's Land, thence along Ridge Road, and is the first preferred route.

(b) Alignment "B". Alignment "B" is colored in green on the Amended Plan, runs northwardly, westwardly and northwardly near the Drainage Easement Area is the second preferred route.

(c) Alignment "C". Alignment "C" is colored in yellow on the Amended Plan, runs in an east-west direction across the northerly portion of the Grantor's Land, and is the least preferred route.

4. Grantee agrees to use its reasonable efforts, but without any requirement on the part of Grantee to institute any legal proceedings, to obtain the consents and approvals of the

governmental bodies and officers and the municipal or private utility authorities or companies having jurisdiction thereof, to the utilization of Alignment "A" in place of the unsatisfactory alignments of the Utility Easement Areas as shown on the Plan. If Grantee is unsuccessful in that regard, Grantee shall use its reasonable efforts to obtain the aforementioned consents and approvals to the utilization of Alignment "B".

5. If, after due diligence and the use of Grantee's reasonable efforts to obtain the consents and approvals for Alignments "A" or "B" as aforesaid, but without any requirement on the part of Grantee to institute any legal proceedings, Grantee is unsuccessful in that regard, Grantee may obtain the consents and approvals as aforesaid for Alignment "C" and utilize Alignment "C" provided, however, that the use of Alignment "C" shall be subject to the following special terms:

(a) The work of installing, repairing or replacing the utilities within said Alignment "C" may only be performed during the months of December, January and February and any single consecutive thirty (30) day period in July and August of any year; and

(b) Grantor shall have continuous and uninterrupted access at all times on, over and across Alignment "C" over at least one of the two roadways that cross Alignment "C" and lead into the sales area of the Wholesale Yard north of Alignment "C" as well as continuous and uninterrupted access at all times, except for interruption for no more than one (1) day during any

year, on, over and across Alignment "C" over the roadway that crosses Alignment "C" and leads into the growing area of the Wholesale Yard in the northeasterly portion of the Grantor's Land, the aforesaid sales area and growing area and all three (3) of said roadways across Alignment "C" being delineated on the Amended Plan.

6. Upon the finally-approved designation of either Alignment "A", "B" or "C" as the new location for the unsatisfactory alignments shown on the Plan, any and all easement rights of Grantee in the other two Alignments shown on the Amended Plan not so designated and all of the unsatisfactory alignments of the Utility Easement Areas shown on the Plan shall cease and terminate and become null and void and of no further force and effect to the same effect as if such alignments had not appeared on either the Plan or the Amended Plan. In such event, all Utility Easement Areas shown on the Plan and all of the Alignments shown on the Amended Plan except (a) the Utility Easement Area running along Mapleton Road as shown on the Plan and (b) the finally-approved designation of either Alignment "A", "B" or "C", shall be released and discharged from the Grant and this Supplement in accordance with Paragraph 2 of the Grant.

7. All references to alignments "A", "B" and "C" herein shall mean and include such alignments as well as minor deviations therefrom which may be required because of either on-site conditions or governmental requirements.

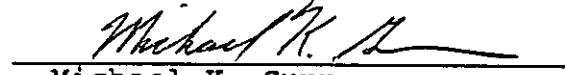

8. Except as modified by this Supplement and the Amended Plan, the Grant and the Plan attached thereto shall remain in full force and effect.

9. In all references herein to any parties, persons, entities or corporations, the use of any particular gender or the plural or singular number is intended to include the appropriate gender or number as the text of the within Supplement may require. Wherever in this Supplement any party shall be designated or referred to by name or general reference, such designation is intended to and shall have the same effect as if the words "heirs, executors, administrators, personal or legal representatives, successors and assigns" had been inserted after each and every such designation.

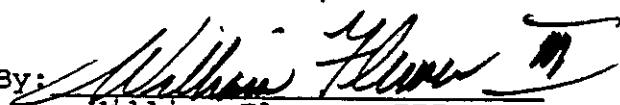

10. This Supplement shall be binding upon the parties hereto and upon their respective heirs, executors, administrators, legal representatives, successors and assigns.

IN WITNESS WHEREOF, the parties hereto have caused this Supplement to Grant of Easements to be executed the day and year first above written.
